Dear Jordan,

I am interested in the Social Media Manager position posted on Tokeativity website. As an entrepreneur with marketing experience and demonstrated success I believe I have the drive and technical skills to deliver your team quality services. I am currently the Social Media Manager for Cultivation Classic and I was the Marketing Director for Cascadia Labs for 4 years.

While I have entrepreneurial cannabis industry experience, I also have excellent skills in public relations and customer service. My previous endeavors have made it necessary for me to focus on the details of marketing and deliver them in a strategic timeline for maximum impact. I am confident that I can be of great service to your company and aid in meeting the goals you have initiated for a Social Media Manager.

I have attached a resume outlining my qualifications. Please don't hesitate to reach out via email (ashleyramonapreece@gmail.com) or phone (541.390.3346). Thank you for your consideration and look forward to hearing from you soon.

Sincerely,

Ashley Preece
