TOKEATIVITY.COM/CONNECT

We work to empower women at the root level and forward the normalization of cannabis through in person and online events that shift the stigma around cannabis and feminism.

Join an online and in person community of cannabis lovers who pledge to support women for themed socials, meet ups, panels, workshops and more!

Sign up for your free membership to be the first to find out about exclusive events scheduled throughout the year!

Together we are creating a massive network of sisterhood, wellness, empowerment, happiness and allship.
